

Date of Meeting	Topic Description	Status of Action
To Be Filled In When Shared	is it possible to have a Tier 2 Waste Management form that is simpler?	Haven't presented it at SETF meeting
To Be Filled In When Shared	tent permit can't be pulled by the tent providers / what can we do to minimize chaos and confusion from those that are NOT planning events year round in Austin? (example: what happens if they just have a tent for a rain plan and they didn't need an ACE application to begin with)	Haven't presented it at SETF meeting
To Be Filled In When Shared	if it's a true backyard wedding, tent, when would a tent permit be required	Haven't presented it at SETF meeting
August 19, 2019	Questioning why do we have the rule "at the city facility and < 5 hours"	Still an Open Question
August 19, 2019	Bobby is questioning the wording about the "permanent" in Section 4-20-21 A3 **DIG DEEPER HERE BEFORE adding to official recommendation; Capt Mueller suggesting to change to change (vs increase) & Bobby suggest removing the word Permanent	Still an Open Question; Need to dig deeper
August 19, 2019	Current issue within ACE: some ppl are applying for block party but it doesn't fit the definition as block party be/c a block party should be in a residential/neighborhood section	Requires further discussion among committee
August 19, 2019	Removing the length of the event to affect it to move from Tier 2 to Tier 3	Official Recommendation for March 2020
June 12, 2019	49 is the magic number for fire code; anything over 50 they need to be involved (applies to the International Fire Code). There's a gap between 50 - 99 attendees be/c the ordinance says you have a minimum of a 100 guests to say you're considered a special event so an applicant is confusing	Official Recommendation for March 2020 to possibly change the minimum to match the fire code number
